YouVersion Bible

The YouVersion app is one of the most popular Bible apps, despite the somewhat silly name, and has a lot to offer both in terms of available translations and functionality. It includes Bible versions in about 1000 languages, many of which can be downloaded for offline use. Some of them are also included as an online audio version. The app has been issued by LifeChurch.tv. You can find the full list of translations on [Bible.com](#).

LifeChurch.tv is partnered with many of the most important Bible Societies and Christian publishers such as the International Bible Society, Zondervan, Wycliffe, the American Bible society, and Crossway, therefore they can offer such a broad range of translations for free.

Star Trek Soundtrack Reviews

The World of Star Trek

This double CD contains the soundtracks of four of the early episodes of the original TV series. The first CD features the music scores of the two pilot episodes "The Cage" and "Where No Man Has Gone Before", on the second, "The Doomsday Machine" and "Amok Time".

There is no bonus material contained on these CDs.

Although the music is more than 30 years old, this double CD is still a very good choice, especially at its low price. If you loved TOS, you'll love this CD!

Star Trek: The Motion Picture

This double CD is not simply the soundtrack of the first Star Trek movie, but it's a special edition honoring the great works of Gene Roddenberry. The first CD contains the complete soundtrack of "Star Trek: The Motion Picture" including some tracks that have never been published before.

The second CD, "Inside Star Trek with Gene Roddenberry", first published in 1976, had been unavailable for a long time. Many of the actors share their memories of the original "Star Trek" production and other interesting facts from their lives. This CD is a piece of history! Every Star Trek fan should have listened to it. It's a great chance to experience con

Star Trek: 30th Anniversary Special

This is a collection of scores from all four TV series. The CD contains the music from TOS's "The Trouble With Tribbles", TNG's "Heart Of Glory", DS9's "The Visitor" and Voyager's "Heroes And Demons". There's one bonus track with an orchestral version of the Ressikan flute music from "The Inner Light" and "Lessons", as well as a data track with a really useless Macromedia tour.

Of the four scores, the one from "The Visitor", is my favorite. I don't know if the memory of this episode makes the score so sad or if the episode is so sad because of this score... It is perhaps the most emotional score of all DS9 episodes.

This CD is also one of my favorites and worth its price.
